Research-based Interdisciplinary Practitioner, Intangible Cultural Heritage Carrier, Seminar speaker & Curator

JC Jessie's belief in the power of narrative lies in one's somatic history which carries the cultural marks of one's DNA origin to be spiritually and physically manifested to realize individual and social representation of "self". Her works become a platform to transmit a particular visual narrative into a contemporary context.

Rooted in one of the Intangible Cultural Heritage in Hong Kong, Jessie carries a strong linkage between her family ties & Cantonese Opera Costumes. Her academic research and documentaries contributed to the Hong Kong Heritage Museum Archive and the publication of the Museum of Anthropology, UBC Canada. Since 2015, she has been invited to speak at various public seminars at the Hong Kong Culture Festival, the Chinese University of Hong Kong Centre for Chinese Classical Learning, the Museum of Anthology Canada, Hong Kong Intangible Cultural Heritage Office, the Jockey Club Creative Art Centre Festival, the Hong Kong International Youth Artists Society, and more.

Jessie obtained a Master's Degree in Fine Arts at the Chinese University of Hong Kong and a Bachelor's Degree in Fine Arts at York University, Canada. Her study at McGill University, practice in Southern France, and residency in Spain strengthened her pursuit of

art creation. Currently, she actively promotes cultural heritage in various art projects of both local and overseas boundaries. Her painting remains her inspirational incubator and received recognition at The Sovereign Art Foundation & Phillip Charriol Foundation whereas her digital artworks received numerous awards at International Film Festivals.
